Professional Summary

Frontend Developer skilled in React.js, TypeScript, and modern UI frameworks with experience building responsive, performant, and accessible applications. Proven ability to collaborate with cross-functional teams, implement scalable solutions, and deliver user-friendly interfaces that improve usability and business outcomes. Passionate about problem-solving and continuous learning.

Technical Skills

• Languages: JavaScript (ES6+), TypeScript

• Frameworks/Libraries: React.js, Zustand, TanStack Query, Zod, Tailwind CSS, shadcn/ui

• Tools & Platforms: Git/GitHub, Axios, Chrome DevTools, React DevTools, Vercel, Netlify, VS Code, Figma

• Soft Skills: Problem-solving, teamwork, adaptability, debugging

Projects

Role-Based Inventory Management System – React, TypeScript, Zustand, TanStack Query, Tailwind

- Built a role-based dashboard (Admin, Staff, Maintainer) with authentication, product management, sales tracking, and activity logs.
- Improved collaboration and productivity by leading 5-person team to deliver a functional system during capstone.

Conference Ticket Generator – React, Cloudinary, IndexedDB, Tailwind

- Developed a dynamic ticketing app with form validation, avatar upload, drag-and-drop, accessibility, and state persistence.
- Enhanced user experience with responsive design and real-time ticket preview.
- View Project

MentorHive (Capstone Project)

- Worked with designers and developers to create an educational platform UI
- Applied version control best practices using Git and GitHub for team collaboration
- View Project

Other Projects: Portfolio Website, To-Do App, Weather App,.

Experience

Frontend Developer (Intern) – HNG Internship (Remote) — Sept 2024 – Dec 2024

- Collaborated with backend engineers to implement authentication flows and dashboards using React + TypeScript.
- Debugged and optimized UI components, improving load performance by 20%.
- Built and deployed 3+ production-ready features with React Query and Zustand.

Frontend Developer (Trainee) – Vephla Institute Capstone Project — Apr 2024 – Aug 2024

- Designed and implemented responsive, accessible UIs with React.js and Tailwind.
- Integrated APIs with Axios, ensuring smooth client–server communication.
- Delivered a role-based management system adopted for mentor evaluation.

Education / Certifications

Diploma, Software Development – Vephla Institute (2024)

B.Eng, Mechanical Engineering – [Adeleke University], (2020)

Certificate of Participation, HNG (2025)
